DETAILED ACTION

Drawings

1. The drawings were received on 7/5/07. The examiner accepts these drawings.

Election/Restrictions

2. Claims 1 and 4-9 are allowable. The restriction requirement based on species, as set forth in the Office action mailed on 9/28/06, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim. Claims 5-6, directed to a different species than elected are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. Furthermore claim 1 is a generic claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
